# Highlights

### Unique OneBlade technology

Designed for facial styling and body grooming, the Philips OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200x per second, it's efficient even on longer hairs.

### Edge it up

Get precise lines in seconds with the dual-sided blade that enables you to see every hair you're cutting.

### Shave it off

The OneBlade shaver doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and shave off any length of hair easily.

### Contour following

Philips OneBlade razor follows your facial contours allowing you to effectively and comfortably trim and shave all areas of your face.

### Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably trim and shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

### 3 click-on stubble combs

Get your preferred stubble length using one of the 3 included stubble combs at 1, 3 or 5mm.
